About

A Fort Lauderdale, FL based aspiring UX/Visual Designer with a background in Interior Design, and a focus on the human experience. Currently enrolled in Google's *HTML, CSS, and Javascript for Web Developers*. Looking for a User Experience role to continue my passion for designing for humans and learning.

Certification and Education

Google UX Design Certificate | Received October 2022

Bachelor of Science in Interior Design | June 2017
Drexel University, College of Media Arts and Design; Philadelphia, PA
Completed Thesis Project, May 2017

Experience

Interior Designer at Collov Interior Design | (Remote) October 2021 - Present

Work closely with clients to provide mood boards, detailed layouts and proposals for furniture purchasing. Coordinate with rendering team to provide 3D images of project to client. Increase KPI goals for purchases through website and app. Achieved 3rd Top Seller on large team of designers.

Interior Design Coordinator at HDR | New York, NY, January 2018 – May 2020

Led interiors effort with guidance from Senior Designers for several Healthcare and Higher Education projects. Designed interiors for a multi-floor Healthcare project. Developed critical design thinking skills working with users, Senior Designers and Architects throughout each phase of Healthcare and Higher Education projects.
