## About

An enthusiastic and reliable South Florida based Designer, with a background in Interior Design and a focus on the human experience.

## Experience

### **Catalog Specialist II - Interior Designer at Amazon | (Remote) July 2023 - Present**

Work with Home Innovations Team to provide a voice of high-quality Interior Design to create new customer experiences. Connect with Product and Tech Teams to support Data Scientists with style algorithm development.

### **Interior Designer at Collov Interior Design | (Remote) October 2021 - July 2023**

Worked closely with clients to provide mood boards, detailed layouts and proposals for furniture purchasing. Coordinate with rendering team to provide 3D images of project to client. Increase KPI goals for purchases through website and app. Achieved 3rd Top Seller on large team of designers.

### **Interior Design Coordinator at HDR | New York, NY, January 2018 – May 2020**

Led interiors effort with guidance from Senior Designers for several Healthcare and Higher Education projects. Designed interiors for a multi-floor Healthcare project. Developed critical design thinking skills working with users, Senior Designers and Architects throughout each phase of Healthcare and Higher Education projects.

## Education

### **Google UX Design Certificate | Received October 2022**

### **Bachelor of Science in Interior Design | June 2017**

Drexel University, College of Media Arts and Design; Philadelphia, PA

Completed Thesis Project, May 2017
